

IMPERIAL ARMOUR

LORDS OF WAR

With the publication of *Warhammer 40,000: Escalation*, players now have the option of taking Lords of War choices in their armies. The following is a list of Forge World models that should be considered Lords of War choices and may therefore be taken using the guidelines detailed in *Warhammer 40,000: Escalation*, along with the publication in which the model's most up to date rules can be found.

Players should note that Forge World's Horus Heresy supplements already contain units listed as Lords of War. These are only for use in games set in the Horus Heresy using the bespoke Battles in the Age of Darkness rules. Horus Heresy players will find guidance on taking additional super-heavy vehicles as Lords of War in *The Horus Heresy Book Two – Massacre*.
