Thunder Hammer Conversion Pack

Space Marine Command Squads and Vanguard Veterans are experienced warriors who are often gifted with powerful weapons from the Chapter's arsenal. The thunder hammer is one such weapon. With a thunder hammer in his hands, a Space Marine can smash clean through most opponents, making a mockery of any armour they may be wearing. Suffice to say, it's a weapon that's as messy as it is deadly. A warrior with a thunder hammer will often carry a storm shield into battle. Contained within the shield is a powerful force field that can repel incoming attacks, allowing the user to get close enough to the enemy to use the full force of the thunder hammer in his other hand. It's a deadly combination and one that has proven very effective across the Imperium.

This pack contains 15 components, including: five thunder hammers, five storm shields and five shoulder pads bearing the Crux Terminatus. This pack is designed for use on Space Marine miniatures wearing power armour. All of these components are supplied unpainted and require assembly - we recommend using Citadel Super Glue and Citadel Paints.

Availability: Usually ships within 24 hours.
