Unit Type: Infantry (Character)	Frag and Krak Grenades Adamantine Mantle Bionics	Orbital Bombardment My Faith is My Shield Eternal Warrior

Chapter Relic: God-Splitter

Warlord Trait: The Imperium's Sword

Chapter Tactics (Blood Ravens):

Forseen Assault: All models (including vehicles) in a detachment with this Chapter Tactic gain the *Scouts* and *Counter Attack* universal special rules [Note: Even vehicles without the Chapter Tactics special rule benefit from scouts]

Coven of Diviners: *Codex: Space Marines* Librarians in a detachment with this Chapter Tactic may also roll on the Divination table, along with the other psychic disciplines already allowed to Librarians.

My Faith is my Shield:

This ability applies only to Imperial allies. Gabriel stands as a shining beacon of the Emperor's faith and fury among his brothers in arms, inspiring them to fight on with greater vigor. Every Imperial unit within 6" of Gabriel gains the *Stubborn* universal special rule. Conversely, all Chaos-aligned units within 6" of him, enemy or ally, suffers a -1 Ld deduction, to a minimum of 6.

Adamantine Mantle:

This is a cape made of adamantium fibers strung into a tight weave, which is adept at deflecting damage. This mantle confers to Gabriel a 4+ Invulnerable save.

Bionics:

Following his near death at Kyras' hands, Gabriel Angelos was revived and rebuilt using extensive bionics. Gabriel gains the *Feel No Pain (6+)* universal special rule.

Options:

May replace Master-Crafted Bolt Pistol with:

Plasma Pistol.....+15 pts

Inferno Pistol.....+20 pts

Master of the Blood Ravens:

If your army includes Gabriel Angelos, you may also include one Honor Guard squad (see *Codex: Space Marines* for details). This does not count against your HQ allowance.

God-Splitter is a Master-Crafted Thunder Hammer with the My Foe Shall Fall! special rule.

My Foe Shall Fall!:

Gabriel may instead of his regular close combat attacks perform the following attack: Roll a d3 when assaulting, if the result is 1: his attack will automatically miss. If the result is 2, he hits (resolved at Strength 9 instead of x2 base) and rolls another d3 for armor penetration. If the result is 3, he hits (resolved at Strength 10) and has the Armorbane universal special rule, as well as **Crushing Blow**.

Crushing Blow:

A model suffering an unsaved wound from a weapon with this rule reduces their armor save by D3. For example, A *Codex: Tau Empire* Riptide suffers an unsaved wound from God Splitter, so it rolls a D3; the result is a 2, so the armor save of the Riptide changes from a 2+ to a 4+.
